RAISING THE STANDARD

Every day our goal is to find more ways to improve life in and around the bathroom and kitchen, sometimes in obvious ways, other times in more subtle ways. We examine everything and are willing to challenge everything. No matter how good our products are today, we know we can always be better tomorrow.

Not just “our standard,” but “the standard” for living healthily, responsibly and beautifully everywhere. It’s “the standard” we’ve set and reset since 1875. It is “the standard” that is reflected in every product we make and represented in our highest ambition and deepest commitment to our employees, partners, trade professionals and customers worldwide.

At American Standard, we endeavor to raise the standard of living by delivering bathroom solutions that are beautiful, purposeful and safe for everyone.

OUR JOURNEY TOWARDS RAISING THE STANDARD

1872

American Standard's passion for plumbing began when John B. Pierce purchased a struggling tinware shop in Massachusetts.

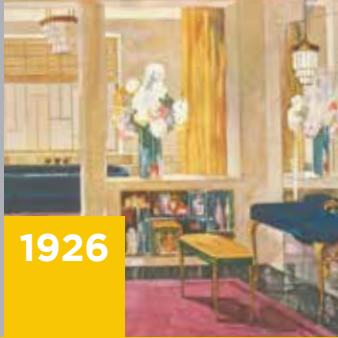

Modern Bathroom Was Born

Standard Manufacturing Co. perfected a process to coat pulverized enamel onto a hot steel casting to form a smooth, sanitary, easy-to-clean surface.

1880

1926

Changed the face of America's homes by bringing colors to bathrooms and kitchens.

Bringing Bold Looks Home

Mega Merger formed One-Stop Shop

Two industry leaders merged and formed the foundation of today's American Standard.

1929

AMERICAN
RADIATOR

Standard
Sanitary
CORPORATION

1950s

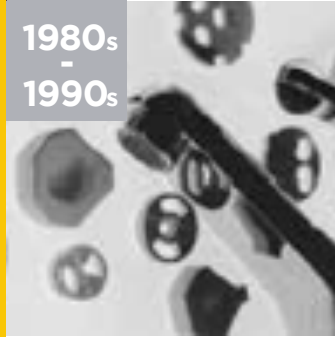

With millions of war veterans returning home from WWII, a new suburbia was born, and with it the American Standard's innovations soared, allowing the company to set new standards of safety, comfort & beauty for a growing population.

Postwar Boom

New Product Development Breakthroughs

Economic prosperity led to several new product developments - long-lasting leak-free ceramic disc valves, labor-saving, lightweight Americast® tubs and sinks, and Sensorium, the first tub with electronics that controlled in-home appliances.

1980s - 1990s

Eljer + JADO
FIAT PRODUCTS + Porcher

1990s - 2000s

Mergers and acquisitions expanded American Standard's product depth and reach.
